## EXISTING CONDITIONS

Existing shingle roof should be removed from existing projecting sign.

Existing wood panels and shingle canopy should be removed from building.

Window graphics should be removed from display windows, giving a the business a visual connection with the street.

NOT FOR COLOR MATCH

Second floor windows should be painted Red Bay (SW 6321) from Sherwin Williams paints.

New reverse channel-set aluminum letters in American Typewriter font should be installed to the brick wall through the mortar joints . The letters should be back-lit with red neon tubing, to silhouette the sign during day and at night.

EXAMPLES OF RECOMMENDED SIGNAGE VIEWED AT NIGHT

## PROPOSED CHANGES TO EXISTING SIGN

Existing projecting sign should be refurbished with new plastic panels. Light bulbs on arrow should be replaced to bring the sign back into working order.

PROPOSED DESIGN

# GEORGIS Catering & Deli

6339 Central Ave
Chicago-Midway

This drawing is based on the assumption that blonde brick, matching the upper-floor, continues under the current wood panels and shingle canopy. If further investigation shows that this is not the case, please contact the Main Street Design Staff at IHPA immediately and we will revise the drawing.

OFFICE OF LIEUTENANT GOVERNOR PAT QUINN

ILLINOIS MAIN STREET PROGRAM

The Illinois Historic Preservation Agency, through the Illinois Main Street Program, has provided this free design assistance to qualified property/business owners in the officially designated Main Street district. This conceptual rendering is based on information supplied to the staff. Should obscured architectural details or problems be revealed during the work, the local project manager and/or the staff architects should be consulted.
