2010 Annual Conference Site, Theme & Session Proposal Form

All IAM members and other interested parties are invited to propose a site, theme and sessions for our next Annual Conference in 2010. The sessions may be individual or panel presentations, workshops, or roundtable discussions. They might even be debates. If you have a suggested topic that will address a particular concern of your institutions but do not want to be a presenter, please let us know that too. There might be someone in the field who can address that issue whom we can recruit. Also, if you have a suggestion for a keynote speaker, please make it.

Thank you!
